INDEX TO VOLUME XXIV

PAGE

ABDOMEN, acute, ruptured aneurysm of splenic artery simulating - 712
Abdominal colic following gastrostomy 758
— conditions, blood-pressure during spinal anæsthesia and - - 446
Abduction of humerus (*see* Shoulder, Rotation at)
Abscess, appendiceal, *B. welchii* infection complicating, case report - 399
— formation as late result of Pott's disease - - - - - 460, 461
— ilio-psoas, acute - - - - - 55
— of lung, multiple, total removal of lung in - - - - - 7, 14
— pelvic, gravity drainage of - - 292
— peri-urethral, in carcinoma of urethra 674
— psoas, caused by diverticulitis, case report - - - - - - 192
Accessory sinuses, suppuration and polypoid disease of, in malignant ethmoido-maxillary tumours - 76
Acid factor in diet, etiology of duodenal ulcer and - - - - - 232
Adrenaline, constrictor response of normal blood-vessels of monkey to 794
— effect on the kidneys - - - 221
— reaction of blood-vessels after sympathectomy - 801, 806, 808, 810
Age incidence of chronic peptic ulcer of œsophagus - - - - - 544
— — fat embolism - - - - - 685
— — hydatid disease of kidney - - 31
— — myomata of œsophagus - - 304
— — traumatic rupture of urethra - 316
— in prognosis of Perthes' disease - 171
— relation to mortality in pneumonectomy - - - - - - 17
Air injection into penis in diagnosis of rupture of urethra - - - 320
— trap for continuous intravenous infusion - - - - - - 138
AIRD, IAN: The association of inguinal hernia with traumatic perforation of the intestine - - - - - 529
— — and HENDERSON, W. K.: Intestinal strangulation: the histamine content of the peritoneal transudate from strangulated loops - - - - - 773
Alanson, Edward, a pioneer in hospital sanitation - - - - - 421
Alkali-diet treatment following gastroenterostomy - - - - - 239
ALLISON, P. R.: Continuous intravenous infusion - - - - - - 137

PAGE

Ammonium carbonate and ipecacuanha for pneumonia following gastroenterostomy - - - - - 236
Anæmia, gastrostomy and - - - 758
Anæsthesia in bilateral lobectomy for bronchiectasis - - - - - 363
— brachial plexus block (*see* Brachial Plexus Block)
— choice of, in prevention of fat embolism - - - - - - 689
— — shocked cases - - - - - 724
— in gastrostomy - - - 474, 763
— local, hypertonic saline for shock in 119
— nitrous oxide and oxygen, hypertonic saline for shock in - - - 119
— in pneumonectomy - - - - 8
— spinal (*see* Spinal Anæsthesia)
Anatomy of sympathetic system of rhesus monkey - - - - 792
Aneurysm, false, of subclavian artery, complicating cervical rib - - 623
— of splenic artery, rupture of, with recurrence - - - - - 708
Angioma of renal calix, case report - 405
Angioneuromyoma (*see* Glomangioma)
Ankylosis of shoulder, optimum position 435
— vertebræ of ancient skeletons (*see* Vertebræ)
Anuria, anatomy of kidney - - - 220
— causes of - - - - - - 224
— of exercise - - - - - - 222
— physiological study of kidneys and - 221
— reflex - - - - - - - - 215
— — case reports and discussion - 217
— — historical - - - - - 216
— — hypothesis as to nature and causation of - - - - 224
— — summary - - - - - 224
— a review of recent work on renal physiology, with reports of two cases - - - - - - 215
— types of - - - - - - 216
Appendiceal abscess, *B. welchii* infection complicating, case report - - 399
Appendicitis, acute perforative, a case of 1
— experimentally produced in rabbit 767 *et seq.*
Appendix, cancer of, acute ilio-psoas abscess and - - - - - 57
— rabbit's, experimental lesions of - 766
Army medical officers in 1762 - - 643
Arteriotomy (*see* Embolectomy)
Arteritis, thrombus due to, diagnosis from embolus - - - - - 354
Arthritis, multiple (*see* Multiple Arthritis)

PAGE

ASCROFT, P. B.: The basis of treatment of vasospastic states of the extremities: an experimental analysis in monkeys - - - - - - 787
Atheroma of splenic artery causing ruptured aneurysm - - - - 712
ATKINS, H. J. B.: The effect of brachial plexus block on patients suffering from secondary traumatic shock 717
Automatic micturition - - - 511

BACTERIA, experimental injection into rabbit's appendix - - 767
Beck-Jianu gastrostomy - - 753, 754
BEGG, R. CAMPBELL: Hydatid disease of the kidney - - - - - 18
— — Pyelography in renal hydatids - 691
Belleisle, John Hunter at, in 1761 - 641
BENTLEY, F. H., and HILL, MARGARET: Nerve grafting - - - - - 368
Bernard, Peter, Surgeon of the Buffs, in campaign in Portugal 1762-3 - 649
Bilateral lobectomy for bronchiectasis (*see* Bronchiectasis)
Bile-duct, common, reconstruction of - 130
Bile-pigment, resorption by gall-bladder 574
Biliary calculi, operation at British Post-Graduate Medical School 597
— — cholesterol (*see* Cholesterosis)
Bilihumin, cholesterol gall-stones and - 588
Bilirubin estimations as control for cholesterol - - - - - 574
Billroth II operation for peptic ulcer 235, 243
Biopsy in diagnosis of tuberculous arthritis - - - - - - 272
BISHOP, B. W. FRANKLIN: Hæmangioma of voluntary muscle - - 190
Bladder, extroversion of, operation at British Post-Graduate Medical School - - - - - - 597
Bladder, funnel-neck deformity of - 501
— — — clinical observations and cystoscopy - - - 508
— — — conclusions - - - 525
— — — Moro's classification of - 506
— — — observations in nervous disease 508
— — — — — — bladder wall - 510
— — — — — — case reports - - 515
— — — — — — cystography - 510
— — — — — — relation to urinary symptoms - 511
— — — — — — sexual function - 513
— — — — — — vesical orifice - 509
— — — — in neurologically healthy male - - - - 524
— — — — — — — — tabulated cases 526
— — — review of literature - - 502
Blood chemistry in renal rickets 552, 560
— coagulation time, effect of injection of œdema fluid from burned tissues on 605
— concentration, effect of injection of œdema fluid from burned tissues on - - - - - - - 605

PAGE

Blood-borne infection in palæopathology of ankylosis of vertebral columns 257, 262, 268
Blood-plasma, gall-bladder cholesterol and - - - - - 576, 579
— as source of fat in fat embolism - 683
Blood-pressure of atropinized cat, histamine estimations and - 774, 775
— during spinal anæsthesia - 107, 446
— effect of brachial plexus block on 717 *et seq.*
— — injection of œdema fluid from burned tissues on - - - 605
— low (*see also* Shock)
— — gastric activity and - - - 758
— — hypertonic saline for - - 103
— — — — case records - - - 112
— — — — physiological effects - 111
— — — — review of literature - 103
— — — — summary - - - 120
— — spinal anæsthesia causing - - 107
— — — — — prevention and treatment - - - 108
Blood-stream, spread of carcinoma by - 780
— — — discussion - - - - 785
— — — distribution of deposits - 784
— — — experimental results - - 781
— — — frequency of deposits - - 781
— — — introduction - - - 780
— — — method of experiment - - 780
— — — of œsophagus by - - - 100
— — — summary - - - - 786
Blood-supply of kidney - - - 220
— rabbit's appendix, experimental interference with - - - 767
Blood-vessels of extremities, embolectomy on (*see* Embolectomy)
Bone(s) affections and abnormalities in etiology of Perthes' disease - 167
— changes in renal rickets - - - 561
— generalized affection of, due to syphilis - - - - - - 453
— X-ray appearances of, in renal rickets - - 549, 551, 552, 560
Bone-graft, extra-articular, for fixation of hip, late results - - - 728
Bone-grafting through vertebral bodies in spondylolisthesis - - - 83
Bone-marrow function, gastric activity and - - - - - - 758
Brachial plexus block in secondary shock 717
— — — — — case reports - - 717
— — — — — conclusions - - 727
— — — — — discussion - - 719
— — — — — summary - - - 726
Brain, pathological appearance in fat embolism - - - - 677, 687
Breasts, supernumerary, cystic disease of 143
British Post-Graduate Medical School, visit to - - - - - - 595
Bronchi in spread of carcinoma of œsophagus - - - - - - 93
Bronchiectasis, bilateral lobectomy for 362
— — — anæsthesia in - - - 363
— — — case report - - - - 364

PAGE

Bronchiectasis, bilateral lobectomy for, radiography in - - 362 *et seq.*
— — — some points of technique - 366
— — — special considerations - - 362
— — — stage of disease suitable for operation - - - 363
— — — summary - - - - 366
— — — vital capacity and - - 363
— total removal of lung in - 7, 14
Bronchography in hydatid disease of lung - - - - - - 713
Bronchopneumonia, fat embolism simulating - - - - - 686, 687
Brooke, R.: The treatment of fractured patella by excision—a study of morphology and function - - - - - - 733
Brown, F. R., and Cappell, D. F.: Multiple villous papillomata of the gall-bladder - - - 703
Brüning syringe for anæsthetizing pharynx - - - - - 471, 474
Brunn-Shenstone one-stage operation for lobectomy - - - - 367
Burned tissues, toxin formation in - 601
— — — — conclusions - - - 611
— — — — control experiments - 604
— — — — discussion - - - 609
— — — — method of experiment - 602
— — — — nature of toxins - - 607
— — — — post-mortem changes in animals injected with œdema fluid - - 607
— — — — previous experimental work 601
— — — — properties of œdema fluid after 48 hours - - 604
— — — — results of experiment - 603
— — — — — intravenous injection of œdema fluid - - 603
— — — — — subcutaneous and intraperitoneal injections of œdema fluid - - - 607
— — — — role of bacteria - - 603
— — — — — enzyme action - - 609
Burrows, H. Jackson: Pathological fracture of the humerus complicating late secondary syphilis - 452
— — Three cases of fracture resulting from electric shock - - 159
B. welchii infection complicating appendiceal abscess, case report - 399

Cadogan, William, physician in campaign in Portugal 1762-3 656 *et seq.*
Cages's (Courtney) sign in Perthes' disease - - - - - - 168
Calcium deficiency in origin of renal rickets - - - - - - 564
Calculus associated with renal hydatid disease - - - - - - 33
— biliary, operation at British Post-Graduate Medical School - 597
— — cholesterol (*see* Cholesterosis)

Cameron, Charles, and Collins, Douglas H.: Multiple arthritis in presumably tuberculous subjects: difficulties in diagnosis and treatment - - - - - 272
Cancer of appendix, acute ilio-psoas abscess and - - - - - 57
— developing from peptic ulcer of œsophagus - - - - - 535
— of ethmoid-maxillary region, radical excision of - - - - - 76
— infiltration of bones of face and skull simulating leontiasis ossea - 407
— of lung, hydatid disease simulating 714
— — pneumonectomy for - 7, 15
— male urethra (*see* Urethra)
— multiple primary epithelioma in lymphatic leukæmia - - - 50
— of œsophagus (*see* Œsophagus)
— seventh cervical vertebra - - 93
— spread by blood-stream (*see* Blood-stream)
— squamous-cell, of renal pelvis in horseshoe kidney, case report - 397
— of stomach, clinical value of gastroscopy in - - - - - - 488
— — endoscopic appearance of 487, 488
Cappell, D. F., and Brown, F. R.: Multiple villous papillomata of the gall-bladder - - - 703
Carbon dioxide and oxygen inhalations to increase depth of respiration - 109
Carcinoma (*see* Cancer)
Casoni intradermal reaction in hydatid disease - - - - - - 35
Cat, histamine content of peritoneal exudate from strangulated intestinal loops - - - - - - 773
Catarrhal gastritis, endoscopic appearances of stomach in - - - 480
Catheter, indwelling, in treatment of rupture of urethra - - - 323
— — — — sepsis due to - - - 327
Catheterization of anterior urethra in rupture, sepsis due to haphazard method - - - - - - 327
— in diagnosis of rupture of urethra, unreliability of - - - 320
Cerebral decompression, effect of hypertonic saline injections towards end of operation - - - 118
Cervical rib, an unusual vascular complication of, case report - - 622
Cervico-thoracic ganglionectomy in relief of vasospasm - - - 788
Cholecystectomy in cholesterosis - 590
— for gall-stone attacks, operation at British Post-Graduate Medical School - - - - - - 597
Cholecystitis, is cholesterosis a specific type of? - - - - - - 585
— villous papillomata in association with 703
Cholecystography in cholesterosis of gall-bladder - - - - - 589
Cholesterosis of gall-bladder - - 570

PAGE

Cholesterosis of gall-bladder, bacteriology - - - - - 589
— — cholecystography in - - - 589
— — clinical considerations - - 590
— — experimental production of - 584
— — gall-stone formation in - - 585
— — introduction - - - - 570
— — is it a type of cholecystitis? - 585
— — source of lipoid - - - 572
— — — — blood-cholesterol studies 579
— — — — cholesterol function of gall-bladder - - 573
— — — — — — — — in light of histological observations - 579
— — — — evidence based on estimations of biliary cholesterol in human cases - 577
— — — — indirect evidence from resorption of substances other than cholesterol - 577
— — summary and conclusions - - 592
Chromatophore cell in melanoma of rectum - - - - - 69, 73
Cinematographic study of gait after tendon section - - - - 389
Cleft sternum (*see* Sternum)
Coimbra in campaign in Portugal, 1762-3 654
Collins, Douglas H., and Cameron, Charles: Multiple arthritis in presumably tuberculous subjects: difficulties in diagnosis and treatment - - - - - - 272
Colon, transverse, retroposition of, case reports - - - - 817, 821
— — — and volvulus occurring consecutively, case report - - 817
Cold, vasoconstrictor response in sympathectomized vessels - 807, 808
Coma in fat embolism - - - 687
Complement-fixation test for hydatid disease - - - - - - 35
Congenital disc-shaped lateral meniscus (*see* Disc Meniscus)
— dislocation of head of radius - - 41
Continuous intravenous infusion - - 137

STEWART, D.: An experimental study of the return of function after tendon section - - - - - 388
STEWART, M. J., WATSON, G. W., and FLINT, E. R.: Hyperplastic tuberculosis of stomach causing hour-glass deformity - - 333
STIBBE, E. P.: Some observations on the surgery of trigeminal neuralgia - - - - - - - - 122
Stokes, Sir William, an early advocate of Listerian surgery - - - 637
Stomach (*see also* Gastric; Gastroscopy)
— activity in relation to other organs - 758
— acute dilatation of, complicating gastrostomy - - - - - - 763
— — — following gastro-enterostomy 236
— cancer of, clinical value of gastroscopy in - - - - - - 488
— — endoscopic appearance of 487, 488
— hour-glass deformity of, due to hyperplastic tuberculosis of stomach - 333
— hyperplastic tuberculosis of, causing hour-glass deformity - - 333
— innocent tumours of, endoscopic appearance in - - - - - 482
— physiology of - - - 228, 240
— — in relation to gastrostomy - - 755
— polyposis of, endoscopic appearance in - - - - - - - 482
— secretory activity of, œsophageal lesions affecting - - - 757
— ulcer of, endoscopic appearance - 482
— — — — clinical value of - - 40
— — perforated, ruptured aneurysm of splenic artery simulating - 711
Strangulation, intestinal, histamine content of peritoneal exudate from strangulated loops - - - 773
Strawberry gall-bladder (*see* Cholesterosis)
Stricture in cancer of urethra - - 673
— formation after traumatic rupture of urethra - - - - - - 321
Subclavian artery, false aneurysm of, complicating cervical rib - - 623
Subcutaneous tubercle, painful (*see* Glomangioma)

Surgical Clinics at Home and Abroad:—
Professor Grey Turner at the British Post-Graduate Medical School 595
Supernumerary breasts, cystic disease of 143
Suprarenals, blood-borne metastases in, in rabbit - - - - - 784
Supraspinatus muscle in treatment of acute shoulder injuries - - 435
Surraco and Mezzera, wine-glass sign of, in renal hydatids - - - 691
Sweating and Raynaud's syndrome - 804

PAGE

Sympathectomy in vasospastic states 787 *et seq.*
Sympathetic nerve involvement in carcinoma of œsophagus - - 93
— system of rhesus monkey, anatomy of 792
Syphilis, late secondary, pathological fracture of humerus complicating 452
Syphilitic nervous diseases, funnel-neck deformity of bladder in (*see* Bladder)
Syringe, Brüning, for anæsthetizing pharynx - - - - 471, 474
Systemic fat embolism, symptoms and signs - - - - - - 686
— route in spread of cancer by blood-stream in rabbit - - - 780
Systolic pressure, effect of brachial plexus block on - 717 *et seq.*

TABES DORSALIS, funnel-neck deformity of bladder in - - 503
— — onset of urinary symptoms in - 511
Tænia echinococcus (*see* Echinococcus)
Tavel gastrostomy - - - 751, 753
TAYLOR, HERMON: Gastroscopy - - 469
Tendon section, return of function after, cinematograph analysis of gait - 389
— — — — — — experimental study of 388
— — — — — — experimental technique 388
— — — — — — histological results - 394
— — — — — — introduction - - 388
— — — — — — post-mortem results - 391
— — — — — — summary and conclusions - - - 396
Test-meal in routine examination of duodenal ulcer - - - 233
THOMPSON, H. GORDON, and WU, P. P. T.: Observations on the experimental production of peptic ulcer in the ileum - - - 183
Thrombosis, diagnosis from embolus - 354
— secondary to embolus formation 352, 355
Thyroid gland in spread of carcinoma of œsophagus - - - - - 93
— tumour with multiple metastases, case report - - - - - 624
Tomkins, Francis, surgeon in campaign in Portugal 1762–3 - 652 *et seq.*
Tourniquet, Esmarch's, in prevention of fat embolism - - - - - 689
Toxin formation in burned tissues (*see* Burned Tissues)
Trachea in spread of carcinoma of œsophagus - - - - - - 93
Traction in recumbency in treatment of Perthes' disease - - - 172
Transitional lumbosacral vertebræ (*see* Lumbosacral)
Transverse colon, retroposition of, case report - - - - - - 821
— — — and volvulus occurring consecutively, case report - 817
Trauma due to irritating foods, etiology of duodenal ulcer and - - 232

PAGE

Trauma in etiology of Perthes' disease - 166
Traumatic rupture of urethra (*see* Urethra)
— shock, secondary, brachial plexus block in (*see* Brachial Plexus Block)
Travancore, S. India, distribution of duodenal ulcer in - 230, 231, 232
Trigeminal nerve, anatomy of - - 123
— neuralgia, surgery of - - - 122
— — — historical - - - - 122
— — — summary - - - - 128
— — — technique and results - - 124
TRUMBLE, HUGH C.: Fixation of the hip-joint by means of an extra-articular bone-graft—late results 728
T-tube for use in reconstruction of common bile-duct - - - 132
Tubercle, painful subcutaneous (*see* Glomangioma)
Tuberculin reaction in diagnosis of tuberculous arthritis - - 273
Tuberculosis, multiple arthritis and (*see* Multiple Arthritis)
— in palæopathology of ankylosis of vertebræ - - - 263, 269
— of spine (*see* Pott's Disease)
— stomach, hyperplastic, causing hour-glass deformity - - - 333
Tuberculous epiphysitis - - - 458
— hip, fixation by extra-articular bone-graft, late results - - - 728
— rheumatism - - - - - - 288
Tumour(s) of lung, total removal of lung in - - - - - 7, 15
— in palæopathology of ankylosis of vertebræ - - - 266, 269
— parathyroid, inactive, case report - 403
— of stomach, benign, endoscopic appearance in - - - - - 482
— subclavian artery complicating cervical rib - - - - - - 623
— thyroid with multiple metastases, case report - - - - - 624
Turner, Prof. Grey, at British Post-Graduate Medical School - 595

ULCER, duodenal (*see* Duodenal)
— gastrojejunal, endoscopic appearance of - - - - - 485
— — — — clinical value of - - 490
— peptic, in the ileum, observations on the experimental production of - 183
— — of œsophagus (*see* Œsophagus)
— of stomach, endoscopic appearance 482
— — — — clinical value - - - 490
Ulceration coincident with peptic ulcer of œsophagus - - - - 544
Umbilical fistula caused by a patent Meckel's diverticulum, case report - - - - - - 402
Ureter pressure, influence on output of urine - - - - - - 223
Urethra, male, carcinoma of - - 669
— — — case report - - - - 669

PAGE

Urethra, male, carcinoma of, discussion 672
— — — prognosis - - - - 674
— — — symptomatology - - - 673
— — — treatment - - - - 674
— posterior, funnel-shaped (*see* Bladder)
— traumatic rupture of - - - 309
— — — causes of sepsis - - - 326
— — — complications and concomitant injuries - - - 321
— — — conclusions - - - - 328
— — — diagnosis - - - - 320
— — — discussion - - - - 326
— — — etiology based on 381 recorded cases - - - 316
— — — recommended treatment - 323
— — — reports of 8 cases - - 309
— — — summary - - - - 328
— — — symptoms and signs - - 318
— — — type - - - - - 318
Urethral flaps in repair of rupture - 325
Urethrography in diagnosis of rupture of urethra - - - - 320
Urinary symptoms in relation to funnel-neck deformity in nervous diseases 511
— — renal rickets - - - 550, 560
Urine (*see also* Micturition)
— causing sepsis in traumatic rupture of urethra - - - - 326
— extravasation of, in traumatic rupture of urethra - - 319, 320, 326
— output of, factors influencing - - 223

VAGINAL drainage of pelvic abscesses 292
Vascular complication of cervical rib, case report - - - 622
— reactions of normally innervated limbs of monkeys - - - 794
Vasoconstrictors to prevent fall of blood-pressure in spinal anæsthesia - 108
Vasomotor activity after sympathectomy in monkeys - - - - 806
— control, extrasympathetic - - 812
Vasospastic states of extremities in monkeys, adrenaline sensitization 810
— — — — anatomy of sympathetic system - - - 792
— — — — extrasympathetic vasomotor control - - 812
— — — — operations for - - 793
— — — — skin temperature readings 790
— — — — sympathectomy in, factors in recovery of vasomotor 'tone' - - - 806
— — — — — immediate effects - 796
— — — — — late effects - - 798
— — — — — recovery of vasomotor 'tone' in arm and leg - - 804, 806
— — — — — sweating and - - 804
— — — — — sympathetic vasodilator fibres - - 803
— — — — treatment - - - 787
— — — — — experimental findings 794
— — — — — introduction - - 788

PAGE

Vasospastic states of extremities in monkeys, treatment, methods of study - - - - - - 790
— — — — — — summary and clinical inferences - - 814
— — — — — vascular reactions of normally innervated limbs 794
Venous drainage to prevent fat embolism 689
— obstruction, effect on kidney function 223
Vertebræ, L.1 and 2, ankylosis of, blood-borne infection in palæopathology of - - - - - - 257, 268
— L.2, 3, ankylosis of, tumour in palæopathology of - - - 263, 269
— L. 3, 4, ankylosis of, blood-borne infection in palæopathology of 260, 269
— — — spondylitis in palæopathology of - - - - - 266
— lumbosacral transitional (*see* Lumbosacral)
— in spread of carcinoma of œsophagus 92
— T. 2 and 3, ankylosis of, blood-borne infection in palæopathology of 259, 269
— T. 3, 4, 5, ankylosis of, Pott's disease in palæopathology of - 263, 269
— T. 6 and 7, ankylosis of, blood-borne infection in palæopathology of 259, 269
Vertebral column (*see* Spine)
Villous papillomata of gall-bladder (*see* Gall-bladder)

Visits to Surgical Clinics at Home and Abroad :—
Professor Grey Turner at the British Post-Graduate Medical School 595
Vital capacity, consideration of in bilateral lobectomy - - - 363
Vitamin deficiency in etiology of duodenal ulcer - - - - - 233
— — — gastro-jejunal ulcer - - 238
Volvulus and retroposition of transverse colon occurring consecutively, case report - - - - - 817
Vomiting following gastro-enterostomy 237

WAKELEY, CECIL P. G.: Leiomyoma of the median nerve - 188
WALKER, JOAN B.: Intravenous injection of hypertonic sodium chloride solution in the treatment of some conditions of low blood-pressure 105
